HEADER

Text

Legio suggested last month we purchase a Shire pavilion. The populace agreed to purchase one with a \$70 maximum cost. Members were encouraged to search for one. But you must contact Celeste prior to purchasing it so we don't have 2 people buying one at the same time.

New Business

BORDER RAIDS

Andriet has prepared the flyer and will send it in after a minor edit from Sakura.

Mordan will need some money for bridge building (plywood and hinges, etc.) He will also need some ropes and flags. Estimated cost \$100.

Water bearing will need some water bottles and gatorade. Budget to be determined later. Also, the Shire needs to purchase a few 10 gallon jugs. Will also need to buy 5 plastic cutting boards at \$2 each.

Public Works & Privy Supplies: We will need to plan for around 800 people for a 3 day event. We will need toilet tissue, paper towels and some cleaning supplies. Etienne & Gwenith will get prices for those items.

War Site Booklet: Sakura will be in charge of printing this. This can be copied at Kinko's for .05 cents per page. Planning on 800 booklets, one sheet with 2 sides, cost will be \$100.

We must use a cash register for troll, per kingdom rules. We will need to purchase a cash register. Andreit said a new costs \$150 at Office Depot. Shire members were requested to look for a used one at a lower cost. Contact Andreit if you find one. Since we will be using the cash register, we will not need to hand write receipts.

Site Tokens: Mordan said we could purchase circular wood blanks for around .02 to .04 cents a piece. He will get a price. Sakura will purchase some rubber stamps with "Border Raids" and a separate year stamp, so we can reuse the "Border Raids" stamp again next year. We will need to purchase waterproof ink pads and extra ink. Estimated cost \$35-\$40. We will make up black & white ribbons, also may use green & red for the colors of Mid-Realm.

There will be a scouting party to the war site on Saturday, 2/26. We will meet there at 11:00 am.

Andreit wants a "planned" out and marked area for the tents and pathways. She drew a map of how she would like it. We can refine it during the scouting party on 2/26.
