EVENT — BORDER RAIDS

Lady Andreit is asking that people check the Yahoo Group message board for the Border Raids event. If you are not on that message group, contact the Kingdom Seneschal, Lady Odendisa. For the site stamp, it was suggested that we show the Meriden horse on one side and the Mid-Realm dragon on the other side. The attendees thought this was a good plan. Lady Andreit has secured vendors for the hay/straw bales & the porta-potties. Sir Mordan will work with the Kingdom Marshal to work out fighting scenarios. There is a need for more people to work at the troll gate. We still need to purchase a cash register. Lady Andreit will coordinate that. There is a new flyer for the event; Kelly will send it to the Kingdom web minister to be posted on the Kingdom web site. Lady Andreit would like to schedule some work days in April to make the site tokens.

Open Floor

Lady Celeste is teaching a belly dancing class on Tuesdays at her house.
